Data Analyst skilled in writing SQL queries, optimizing query performance, and using Excel and Python for data analysis. Proficient in building interactive Power BI dashboards, data modeling, and automated reporting. Passionate about turning complex data into clear, actionable insights to support strategic business decisions.

SKILLS:

- **Analytical Tools:** PowerBI, Advanced Excel
- **Programming Languages:** SQL, Python (NumPy, Pandas, Seaborn, Matplotlib)
- **Database:** MySQL, Microsoft SQL Server
- **Other Skills:** Data visualization, Data Modelling, Statistics, Automations, Power Query, PivotTable.

WORK EXPERIENCES:

SPARECARE Solutions Pvt.Ltd. | Gurugram, Haryana

March 2026-Present

PowerBI Developer & Data Analyst

- Developed Power BI dashboards and reports based on stakeholder requirements to deliver business insights.
- Wrote SQL queries, created DAX measures and data models, and managed data refreshes for accurate reporting.
- Collaborated with BDs and stakeholders to validate data, address reporting issues, and ensure accurate business insights.

Cognifyz Technologies

July 2025-August 2025

Data Analyst Intern.

- Analyzed, cleaned, and transformed datasets using SQL, Python, and Excel, performing EDA to uncover trends and actionable insights
- Developed Power BI dashboards and automated reports to support data-driven decisions through KPI tracking and analysis.

PROJECTS:

Excel: Sales Analytics FMCG – Performance and Comparison Report | Excel |

[|GitHub Repo|](#)

- Created reports for the sales team which will help them by approximately 20% of improvement to evaluate customer performance and understand their market performance with respect to their target.

Power BI:

Business 360 (Finance, Sales, Marketing, Supply Chain, Executive)-Brick & mortar and e-commerce [|GitHub Repo|](#)[|Live Dashboard|](#)

|PowerBI | SQL | Excel | DaxStudio |

- Transformed reporting at AtliQ Hardware by replacing Excel-based processes with Power BI, enabling actionable insights and improving decision-making efficiency (~25% boost)
- Built a multi-view Power BI dashboard for 5 departments (Sales, Finance, Supply Chain, Marketing, Executive)
- Modeled 1M+ records from MySQL & Excel into scalable, interactive Power BI visuals

Healthcare Claims & Patient Risk Analytics Dashboard | Power BI | SQL | Excel | Dax Studio |

- Optimized healthcare claim reporting at Optum by replacing manual trackers with PowerBI, identifying ~15% financial leakage and enhancing patient risk-outreach efficiency through automated DAX-driven insights.

SQL:

Consumer Goods Ad-Hoc Insights (AtliQ Hardware) | SQL | MySQL | Excel |

[|GitHub Repo|](#)

- AtliQ Hardware, a top computer hardware producer in India, seeks improved data insights for swift, informed decisions. Despite global expansion, there's a drive to enhance data-informed strategies for efficient management.
- Showcased Insights on 10 ad-hoc business requests to the executive management team, querying a million rows database using SQL

Healthcare Claims Analysis: Fraud, Waste & Abuse (FWA) Detection | SQL | MySQL | Excel |

[|GitHub Repo|](#)

- Developed a SQL framework to detect Healthcare Fraud, Waste, and Abuse (FWA) by auditing overbilled claims and benchmarking provider performance with Advanced Window Functions.
- Optimized financial oversight by tracking compliance lags and cumulative billing trends, ensuring data integrity for payer-side analytics.

EDUCATION:

Dr.A.P.J.Abdul Kalam Technical University, Lucknow, UP

|2022–2026|

B.Tech (Computer Science Engineering) | CGPA.7.4

Senior Secondary (Class XII) | CBSE Board

|2022|

Secondary (Class X) | CBSE Board

|2020|

CERTIFICATIONS:

- **Internship(08/2025)**, Issuing Authority: Cognifyz Technologies
- **Power BI** Issuing Authority: Codebasics.io
- **Python Programming(02/2024)**, Issuing Authority: Softpro India PVT.LTD
